

NHSA August Webinar: From Awareness to Action: Mobilizing Communities for Equitable Healthcare August 2023

**Thursday, August 24th
2:00 - 3:30 PM ET**

This webinar will highlight the significance of a breastfeeding-friendly environment by promoting and supporting breastfeeding in the workplace, healthcare system, and communities. It will showcase the implementation of comprehensive policies, equitable practices, raise awareness, and strategies to engage key community leaders to prioritize and normalize breastfeeding practices.

Learning Objectives

1. Implement comprehensive initiatives to promote and facilitate breastfeeding in the workplace, emphasizing the importance of supporting nursing mothers.
2. Support the development and implementation of policies that prioritize and accommodate breastfeeding, both in public and private settings, promoting a more inclusive and supportive society for nursing mothers.
3. Collaborate with key community leaders, particularly Faith-based organizations, to raise awareness about the benefits of breastfeeding and encourage active engagement in supporting nursing mothers.

This presentation will be led by Samantha Suffich, MS, MCHES CEO of Martin County Healthy Start Coalition and Anastasia Anderson Perinatal Equity Manager.
